WORLD LEADER

// SODIKART is the world leader in the karting industry

45 YEARS OF EXPERIENCE!

Founded in 1981, SODIKART is the world leader in the karting industry. Its success and reputation have been built on a strategy of constant development, exclusive innovations, supported by numerous patents and the ongoing pursuit of excellence in serving its customers.

With a presence in five continents and over 100 countries, SODIKART offers a unique range of products and services.

Understanding the need to provide its worldwide customers with fast response, the French group works closely with them on a daily basis via a well developed distribution network to deliver quality products and a high level of customer service.

GAME OF KARTS

// The ultimate karting experience

GAME OF KARTS
THE ULTIMATE KARTING EXPERIENCE BY SODI

HALF-WAY BETWEEN KARTING AND A RACING VIDEO GAME!

"Game of Karts" has sounds and lights for an even more interactive experience. Thanks to laser projectors and loud speakers around the track, the race is enhanced with sound and light effects: the gaming experience is heightened and the driver is totally immersed in the game!

AN INTERACTIVE RACE ENHANCED WITH BONUSES!

(Use them by pressing the button on the steering wheel)

- Bomb: drop a bomb on the track... and your pursuer will be slowed down for a few seconds.
- Boost: "Turbo" to increase your speed and leave your opponents behind.
- Lightning: slow down ALL your opponents when you use it.
- Missile: the guided missile will hit the pilot just ahead of you and will slow them down for a few seconds.
- Blue missile: homing device which will slow down the first on track.
- Shield: it protects you for a few seconds from your opponents' attacks.

+ OTHER BONUSES COMING SOON!

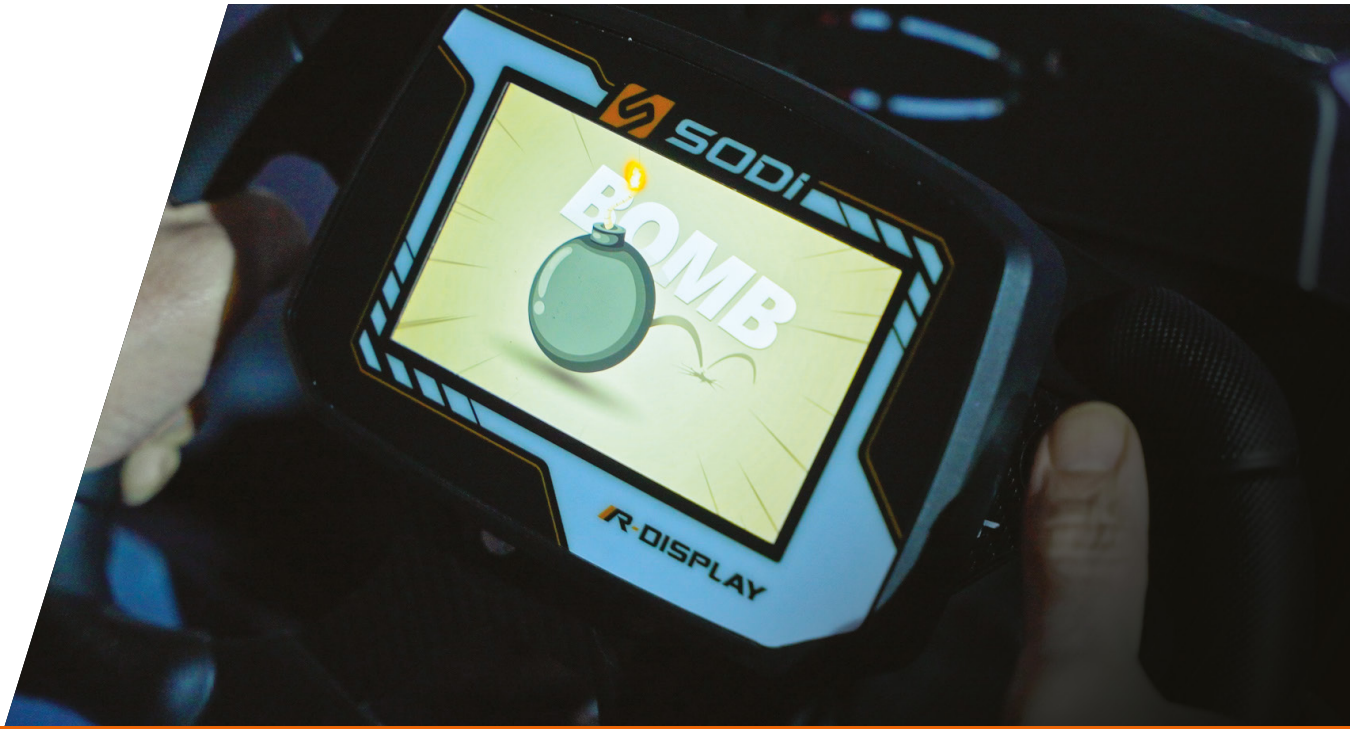

"Take a seat and take on your opponents in a unique interactive race.... Guaranteed thrills and fun!"

Furia

ANNOUNCING A NEW GENERATION OF CHASSIS FOR THE YOUNGER DRIVERS.

New generation of chassis for the younger drivers. After an extended phase of tests and checks, Sodi Furia 950 is now officially approved. The result is a highly effective, user friendly and high performance chassis: the winning combination for younger drivers.

Sigma

THE ULTIMATE KART

Sodi Sigma has benefited greatly from the development work carried out on international tracks by the Sodi Racing Team. Equipped with the latest technologies developed by our teams, Sodi Sigma is a chassis with exceptional performance in all track conditions.

The chassis features a new design, incorporating the brand's new graphic identity.

OUR VALUES

Spirit of competition

Competition has been part of Sodikart's DNA since its creation. Sodikart has always demonstrated a spirit of competition, innovation and creativity in order to succeed and remain number one.

Customer relations

Customer satisfaction is both the philosophy and the guiding principle of SODIKART: be attentive, understand their needs, put our experience to their service, be true to our word, provide technical performance, confidentiality and individual support by optimising cost control and lead time management.

Quality

Sodikart stands out from its competitors with a high quality/price product positioning with a real added value for the end consumers, offering an excellent return on investment.

Innovation

Technological excellence, innovation and customer service are the key words at SODIKART. They are the core of its state of mind, its passion and its history. SODIKART guarantees the quality, reliability and security of its karts with a constant dynamic of innovation, its project management skills and understanding of its customers' specific needs.

Human relations

Human relations are at the heart of our business. For over 40 years now, SODIKART has developed a family-size team spirit, sharing of knowledge and know-how sharing, creating initiative and respect for ethics. Our company is currently supported by over 170 employees and promotes cooperation at all levels, mutual respect, seeks professional growth and the sense of belonging to a group at a human scale.
